

# FREEDOM™

## LSO SPINAL ORTHOSIS

The **FREEDOM™ LSO** deploys unique **opposing force** technology to accelerate healing in the lumbar spine. Patients often experience pain relief from the compression and postural improvement that the **FREEDOM LSO** provides.

**Substantial Pain Relief  
with Unparalleled  
Comfort and Support**

- Relieves load on lumbar discs
- Disc space creation can alleviate nerve root impingement
- Low profile design for maximum patient compliance and comfort
- Unique design lifts and holds the patients' anterior weight
- Easy to clean and dry
- Posterior panel extends from the Sacrococcygeal Junction to the T-9 vertebrae

# FREEDOM™

## LSO SPINAL ORTHOSIS

### SIZING

*Measure around waist at navel*

Size	Fits Waist
Small	23 - 27"
Medium	28 - 32"
Large	33 - 38"
X-Large	39 - 43"
XX-Large	44 - 48"
XXX-Large	49 - 54"
XXXX-Large	55 - 59"
XXXXX-Large	60 - 64"

## How Does the FREEDOM™ LSO Work?

When the straps are pulled properly (outward and upward at a 45 degree angle), the straps work simultaneously to lift and compress the patients' anterior weight. The result is a distinct postural improvement and often a significant improvement in pain symptoms.

### Rigid Posterior Panel

The interior rigid posterior panel is fabric covered and comfortably stabilizes the lumbar sacral region.

### Indicated for:

- Spondylosis
- Chronic Lumbar Instability
- Post-Operative Rehabilitation
- Degenerative Disc Disease
- Chronic Back Pain
- Spinal Stenosis
- Herniated Lumbar Disc

---

HCPCS CODE: L0631 APPROVED

LSO, Sagittal-Coronal control, with rigid anterior and posterior panels, posterior extends from sacrococcygeal junction to T-9 vertebrae, lateral strength provided by rigid lateral frame/panels, produces intracavitary pressure to reduce load on intervertebral discs, includes straps, pendulous abdomen design, prefabricated, includes fitting and adjustment.
