

Roscoe Mobility K4 Quick-Release Wheelchair

The Roscoe K4 Quick-Release Wheelchair is a high-strength, lightweight chair with a stylish, black powder-coated steel frame. It features flip back arms allowing for easy patient transfer. The push-button, quick-release dual axles allow for easy rear wheel removal and quick change of seat height to hemi position. Comfortable padded nylon upholstery resists mildew and bacteria. Its contemporary design and high-performance frame make it a superior value. Supporting patient weights up to 300 pounds, this chair is available in 16, 18 and 20-inch seat widths.

Product Features

- Scissor-style, powder-coated, black carbon-steel frame
- Push-button, quick-release dual axles allow for tool-free removal of the rear wheels
- Flip back, desk-length, padded arms allow for easy transfer
- Dual axle positioning provides easy transition of seat height from standard to hemi level
- Easy-to-clean, comfortable nylon upholstery resists mildew and bacteria
- Chart pocket on backrest provides additional convenience
- Easy push-to-lock wheel locks
- Aluminum handrims and composite mag-style wheels are lightweight and maintenance free
- Precision sealed wheel bearings in front and rear ensure long lasting performance and reliability
- 8" x 1" solid rubber front casters are adjustable in 3 positions
- Includes tool-free adjustable front riggings with composite footplates (swing-away footrests or elevating legrests)
- Elevating padded legrests are equipped with a pneumatic piston for infinite elevating positions
- Limited Lifetime Warranty
