

SARA PLUS THE ADVANCED STANDING AND RAISING AID

SARA Plus is an ergonomic standing and raising aid that mobilises residents during everyday activities such as transfers and toileting.

However, *SARA Plus* offers something extra. It extends the mobility-activating benefits of the standing and raising aid to more residents than ever before. The key is the extra resident support given by the Comfort Circle, which comprises of the Arc-Rest and a sling selected for individual needs.

With its unique features, *SARA Plus* increases and extends the benefits that can be achieved by using a standing and raising aid, and will contribute to improving not only the quality of care, but also the quality of resident's everyday lives.

...with people in mind

ACTIVATING MOBILITY DURING TRANSFERS AND ENHANCING MOBILITY THROUGH EXERCISES

1 Single carer

A single carer can manage transfers, safely and efficiently.

2 Arc-rest

The Arc-Rest offers excellent support and promotes a sense of security.

3 Slings

Supporting a more upright standing position makes the BOS/EPS sling ideal for rehabilitation.

4 Opened legs

For transfers, the powered chassis can be opened for optimum access.

5 Footplate

The footplate provides safety and stability, while the Pro-Active Pad allows natural flexion of the ankle.

6 Dual controls

Handset or mast panel control? The carer can choose the most convenient control according to the situation.

SARA Plus

Enables stepping and walking exercises, which enhance mobility benefits.
