THE POWER OF MOBILITY™

MAXIMUM MANEUVERABILITY SUPERIOR PERFORMANCE!

Having launched the first mid-wheel drive platform to the wheelchair market nearly 30 years ago, Permobil honors that rich tradition with the addition of the M300 to its product line. Developed by Permobil Senior Designers, Mehdi Mirzaie and Bo Engman, the M300 features the groundbreaking, patent-pending Climbing and Traction Link system. With its compact size, the M300 has a tight 20" turning radius, comes with PG 120 amp R-Net electronics and offers two speed packages—6 MPH standard and 7.5 MPH optional. The M300 also features stylish easy-to-replace swing arm covers made of scratch resistant material, which protect the swing arms from unsightly chips and scrapes. Easy to maintain, the M300 provides quick access to components and requires no special tools for servicing.

M300
CORPUS 3G

CATLINK SUSPENSION
Casters are connected for added climbing stability.

ADVANCED SHOCK DESIGN
Easily adjusted to provide a comfortable ride for any user.

TIGHT TURNING RADIUS
20" / 510 mm turning radius for increased maneuverability.

FRONT AND REAR TIE-DOWNS
Safety is first both in and out of the vehicle!
