

Pulse Oximeter

Fingertip Pulse Oximeter

Pulse Series

The trio of Pulse Oximeters are portable, non-invasive, spot-check monitor of oxygen saturation of arterial hemoglobin (SpO₂) and pulse rate for adult and pediatric patients. All three models are FDA approved and perfect for use in a home or hospital setting.

Small & Compact

Carrying Case

Pulse Oximeter Includes

- Pulse1 PulseOne oximeter, batteries, carrying case with lanyard and user manual
- Pulse2 PulseTwo oximeter, batteries, carrying case with lanyard and user manual
- Pulse3 PulseThree oximeter, Bluetooth wireless data transmission, USB cable, AC/DC adapter, rechargeable battery, carrying case with lanyard and user manual

Device Specifications

Pulse1

Size:	2.28"L x1.26"W x1.34"H
OLED Display:	2 display modes 10-levels of brightness; default is level 4
SpO ₂ Range:	70-99%
Pulse Rate:	30-235 BPM
Pulse Intensity:	Bar graph indicator
Warranty:	1-year warranty

Pulse2

Size:	2.36"L x1.34"W x1.18"H
LCD Display:	6 display modes 10-levels of brightness; default is level 4
SpO ₂ Range:	70-99%
Pulse Rate:	30-235 BPM, pulse rate tone modulation
Pulse Intensity:	SpO ₂ waveform graph indicator
Warranty:	1-year warranty

Pulse3

Size:	2.2"L x1.5"W x1.6"H
OLED Display:	4 display modes 7-levels of brightness
Data Transmission:	Bluetooth wireless and USB
SpO ₂ Range:	70-99%
Pulse Rate:	30-235 BPM
Pulse Intensity:	SpO ₂ waveform graph indicator
Warranty:	1-year warranty
