

CARROLL CS SERIES™

CS5™

BED

CS5 bed featured with Assist Rails, Kent Bed Ends and Invacare® Solace® Mattress

It's time to change your definition of value. The **Carroll CS Series™ CS5™ Bed** was developed for facilities requiring mobility at any height at a great value, and who appreciate the trademark Carroll CS Series Bed design elegance including the slat deck and tool-less assembly.

Invacare beds, mattresses and rails, excluding therapeutic support surfaces and bariatric beds, when used as a system and sold new and unused after August 1, 2007, meet the recommended FDA Guidelines for bed rail entrapment. Visit [www.invacare.com/bedsafety](http://www.invacare.com/bedsafety) for additional safety and entrapment information.

**Features**

**Mobility at any Height** – The CS5 bed is mobile in any position providing convenience for the caregiver.

**Pure Vertical Rise** – Raises straight up and down throughout the travel range, with zero horizontal movement of the casters minimizing potential damage to the wall or flooring.

**Exclusive Slat Deck Design** – Provides a comfortable sleep surface, allows for improved infection control and reduces wear and tear on the mattress.

**Ergonomic Hand Pendant** – Water-resistant<sup>1</sup> and rugged hand pendant designed to fit comfortably in the resident’s hand.

**Dual Pendant Connections** – Pendant connects to either side of the bed, providing customized convenience for the resident. Pendant cord is attached to frame, and will not interfere with lifts or tables.

**Tool-less Assembly** – The CS5 bed features tool-less assembly, minimizing set-up time.

**Customizable Options –**

- One-touch floor lock
- 39" or 42" Wide Deck
- 4" Bed Extender (84" Length)
- Attendant Control Panel
- Steering Lock
- Hi-Lo Lockout

NOTE: Whenever bed rails are used as part of any hospital or homecare bed system, the potential for bed rail entrapment exists. To reduce this risk, a patient must always be assessed regarding their risk of entrapment before any product is used. Routine patient monitoring is also required once a product is in use. To learn more about the risk of bed rail entrapment please visit the US FDA's website at <http://www.fda.gov> and search for "Bed Rail Entrapment."

\* Maximum safe working load.

1. Pendant is water-resistant to IPX6 per IEC 60529.

†Testing conducted to select portions of UL/IEC Standards.
